President's Message

by Gerald Garner, Club President

President's Message, Quarter 3, 2021

After surviving the pandemic, the Sacramento Jaguar Club is alive and well. I'd like to thank the members that have supported the club by attending our activities and helping to keep the club vibrant.

We had an excellent turnout for our trip to Coloma with 18 members participating. In June we had a board meeting with all officers in attendance. At that meeting we decided to keep the same officers in place for 2022 naming Dennis Bentley as our Vice President of Activities. On the subject of activities, it was decided that we have club activities every other month. A copy of the minutes will be forthcoming

We have some exciting events planned for the rest of the year and I look forward to seeing our membership supporting these events. In the meantime, be safe and good driving.

Jerry Garner
President

Membership Updates

by Marsha Bentley, Membership

The club has welcomed seven new members since the first of the year bringing the total membership number to twenty-eight. We can be immensely proud of this number during the year of the pandemic.

Member updates:

- The Starch's are living in Reno so make note of their new address.
- The von Mervelt's relocated to Rancho Murieta.

The list on our website will be edited to reflect the current information.

Andy Banta

(1934 - 2019)

Andrew (Andy) Banta was born January 23, 1938 in Middletown, OH and died at his home on December 2, 2020 in Fort Bragg, CA. He spent much of his childhood in the California bay area.

Andy graduated from Penn State University with a Bachelor of Science degree in mechanical engineering. He did graduate work at Penn State, Lehigh University, and the University of Kansas where he received his Doctorate of Engineering. He was a lifetime member of the American Society of Mechanical Engineers.

Early in his engineering career he did large-scale experimental work that led to a complex computer model for steam power plant condensers using the punch card technology of the 1960s.

Andy taught engineering design for 34 years starting at Northampton College in Bethlehem, PA and then at California State University.
